

Cookie Policy of www.bifro.it/

This document contains information about the technologies that allow this Application to achieve the purposes described below. Such technologies allow the Owner to collect and store information (for example by using Cookies) or use resources (for example by running a script) on the User's device when the latter interacts with this Application.

For simplicity, in this document such technologies are briefly defined as "Tracking Tools", unless there is a reason to differentiate.

For example, while Cookies can be used on both web and mobile browsers, it would be inappropriate to talk about Cookies in the context of mobile apps, since they are Tracking Tools that require the presence of a browser. For this reason, within this document, the term Cookies is used only where it is specifically meant to indicate that particular type of Tracking Tool.

Some of the purposes for which Tracking Tools are used may also require the User's consent. If consent is given, it can be freely revoked at any time by following the instructions provided in this document.

This Application only uses Tracking Tools managed directly by the Owner (commonly called "first-party" Tracking Tools).

The duration and expiration of first-party Cookies and other similar Tracking Tools may vary depending on how they are set by the Owner. Some of them expire at the end of the User's browsing session.

How this Application uses Tracking Tools

Necessary

This Application uses Cookies commonly called "technical" or other similar Tracking Tools to carry out activities that are strictly necessary for the operation or provision of the Service.
